Abstract

In this paper we introduce and investigate some weak separation axioms by using notations of S_β -open sets and S_β -closure operator.

Key Words : s_β -open sets, Semi open sets, s_β -closure, s_β -cluster, s_β -closed graph.

2000 AMS Subject Classification : Primary: 54A05, 54A10, Secondary: 54C05.
